## Islam, Economics, and Society (RLE Politics of Islam) (Routledge Library Editions: Politics of Islam)

The Islamic perception of the socio-economic process is dynamic and its insistence on social justice is uncompromising. To produce the best social structure, according to this view, man's economic endeavours should be motivated by a meaningful moral philosophy. In the face of the challenges presented by the modern world, the practice of Islamic economics raises many complex and profound issues. These are addressed in this highly important work, which must be considered essential reading for all those who live in the vision of the 'right'.

First published in 1994.
