## Close Quarters (StonyMan Book 119) Don Pendleton

An elite covert special ops team, Stony Man acts only under presidential directive. Backed by a sophisticated unit of cybernetics and weapons experts, Able Team and Phoenix Force fight terror across the globe. They operate with impunity, driven by grit and the instinct of true warriors dedicated to protecting the innocent.

When Peace Corps volunteers working in the jungles of Paraguay are kidnapped and brutalized by a mysterious new Islamic terrorist group—and political maneuvering fails—Stony Man gets the call. Its dual mission: an under-the-radar jungle rescue and a hunt along the Iranian shores and backstreets of Tehran for the terrorist masterminds. With the enemy's hard-line agenda poised to fuel the powder keg of Middle East instability, Stony Man moves in against long odds that are only getting longer. Surrounded and outgunned, they're willing to make the ultimate sacrifice to succeed.
