**Shift to the Future: Rethinking Learning with New Technologies in Education (Changing Images of Early Childhood)** Nicola Yelland

New technologies are dramatically changing the face of education and the nature of childhood itself. In *Shift to the Future*, Nicola Yelland examines the ways in which these technologies are reshaping the social, personal, and educational experiences of childhood, and explores the curricular revisions such changes demand. With a focus on the various information and communications technologies (ICTs) available to young students and the possibilities these ICTs offer for teaching and learning, *Shift to the Future* provides inspiring examples of teachers who have innovatively incorporated new technologies into their classrooms to engage their students in contemporary times.
