“(…) pobres no son sólo aquellas víctimas de una u otra forma de una mala distribución de los ingresos y la riqueza sino también aquellos que sus recursos materiales e inmateriales no les permiten cumplir con las demandas y hábitos sociales que como ciudadanos se les exige. Por eso la pobreza es sobretodo pobreza de ciudadanía. La pobreza de ciudadanía es aquella situación social en que las personas no pueden obtener las condiciones de vida -material e inmaterial- que les posibilite desempeñar roles, participar plenamente en la vida económica, política y social y entender los códigos culturales para integrarse como miembros de una sociedad”. Eduardo Bustelo, Pobreza moral
