The Communist Manifesto (Get Political)

Karl Marx, Friedrich Engels, David Harvey

The Communist Manifesto (Get Political) Karl Marx, Friedrich Engels, David Harvey

"All that is solid melts into air, all that is holy is profaned ... Working men of all countries, Unite!"

This book truly changed the world, inspiring millions to revolution.

Over 150 years after its publication, Marx and Engels' Communist Manifesto continues to inspire and provoke students, activists and citizens.

The principles embodied within in it lie at the heart of thousands of academic and literary works. It is the starting point for people who refuse to accept that capitalism represents the final and optimum stage of human development. After reading this book, it is impossible to remain convinced that there is no alternative to unrestrained neoliberalism.

In an introductory call to arms, renowned social theorist David Harvey asks us to look upon the Manifesto not as a historical document, but an invaluable tool for change.
