Creating Change in Mental Health Organizations: Pergamon General Psychology Series George W. Fairweather, David H. Sanders, Louis G. Tornatzky

Creating Change in Mental Health Organizations discusses the findings of the experiment designed to identify the parameters of social change in mental health organizations. The title details the results from a variety of perspectives, such as experimental and hospital employees.

The text first covers the need for social change in treating mental illness, and then proceeds to tackling organizational change background and research plan of the experiment. Next, the selection talks about the process of approach and persuasion. The next chapters cover the concerns in activating adoption, such as the factors, process, and conditions. Chapter 7 deals with the follow-up diffusion for the community lodge, while Chapter 8 talks about the principles for creating change in metal health organizations. The text also discusses the social policy decision aimed at solving human problems.

The book will be of great use to professionals in the mental health care industry.
