**Kiss** Ted Dekker, Erin Healy

**Let me tell you all I know for sure. *My name. Shauna.***

I woke up in a hospital bed missing six months of my memory. In the room was my loving boyfriend—how could I have forgotten him?—my uncle and my abusive stepmother. Everyone blames me for the tragic car accident that left me near death and my dear brother brain damaged. But what they say can't be true—can it?

I believe the medicine is doing strange things to my memory. I'm unsure who I can trust and who I should run from. And I'm starting to remember things I've never known. Things not about me. I think I'm going crazy.

*And even worse, I think they want to kill me.*

But who? And for what? Is dying for the truth really better than living with a lie?
