Money's on the Dresser: Escorting, Porn and Promiscuity in Las Vegas Christopher Daniels

In September of 2009 I began working as an escort in Las Vegas after a bad break up with my partner of 4 years left me without a place to stay. I needed to make money and quickly so I figured the easiest thing to do was put an ad up online on a few websites advertising male escorts and hired companions. Hours following the ad being put up I began receiving some of the oddest requests and talking to some of the most interesting people I had ever met. The experiences with these men went from being completely out of this world and odd to these men becoming important figures in my life and in some cases they became closer to me than family and some close friends. Sometimes following an appointment with a client left me speechless and/or overwhelmed. I didn't know what else to do with these feelings but write and here is a collection of short stories of some of those experiences. The names and places of the events taken place have all been changed.
