Ricoeur Across the Disciplines Scott Davidson

While a number of books and anthologies on Ricoeur's thought have been published over the past decade, *Ricoeur Across the Disciplines* is unique in its multidisciplinary scope. The books currently available are typically one of either two kinds: either they provide a general overview of Ricoeur's thought or they focus on a narrow set of themes within a specific discipline.

While other books may allude to the multidisciplinary potential for Ricoeur's thought, this book is the first to carry out a truly multidisciplinary investigation of his work. The aim of this approach is not only to draw out the nuances of Ricoeur's thought but also to facilitate a new conversation between Ricoeur scholars and those working in a variety of domains.
