My first experience of writing a book is a great learning experience for me. The book titled "Dynamics of Securities Pricing in India" is written with a view to present the summary of CAPM testing in India and would be quite useful for research scholars and for people in academia who are working in the domain of asset pricing testing. It can be extensively used as a reference book by research scholars in India and Abroad. The Literature on CAPM is huge world over and this effort by author is his contribution to the existence literature of CAPM testing in India. Apart from testing CAPM Hypothesis; the book also highlights the issues of market efficiency, seasonality and stability of beta.
